## The Community

Lake Oswego is a suburban residential area eight miles from Portland, Oregon with a population of approximately 40,000. It is composed primarily of business and professional people. The community demonstrates strong support of academic achievement through cooperative alliances with the school district.

## The School

Lakeridge High School is a four-year comprehensive public secondary school, which offers a challenging course of study aimed at meeting the needs of a predominantly college-bound student body. Lakeridge is accredited through the Northwest Association of Schools and Colleges. An alternating day schedule with four 90-minute classes daily is offered to all students. Extensive student activity programs include athletics, drama, music, dance, speech, clubs and student government.

## Grading System

Students receive letter grades based on their achievement in each class. A letter grade is based on the teacher's professional evaluation of student achievement and mastery of course content. Grade point average is determined using a four-point system for non-weighted class and a five-point system for weighted classes. NOTE: All Oregon schools were closed from March 16, 2020 through the end of the school year due to the COVID pandemic. During this time, the instruction was given per Oregon Department of Education's "Distance Learning for All" guidance and Pass/Incompletes were given for 2nd semester.

Grade	Description	Grade Point Value	Weighted Grade Point Value
