Remote Situation	How will students learn?	How will students be supported?	How is attendance counted?
Individual Student	Instructional materials will be provided for students to work on at home. LOSD employee will check in on the family to ensure they have their materials. All learning activities provided are independent and asynchronous. Quarantined students will have access to the teacher's Google Classroom or Seesaw (K-2) Some learning activities may be made-up upon the student's return.	Teachers will continue to use Google Classroom and Seesaw (K-2). LOSD employee will check-in with quarantined students weekly. Specialized Designed Instruction (SDI) will be provided during quarantine via Zoom. If a student does not have access to the internet outside of school, parents can request a hotspot from the district.	Attendance will be determined by evidence of learning through Google Classroom, Seesaw (K-2), or submission of work via email, completion of work upon return from quarantine, or any combination thereof.
Staff Quarantine	A substitute teacher will fill-in for the regular classroom teacher. A classified substitute may fill in for the classified employee. may fill in for staff.	Same as they would for regular in-person instruction.	Same as it would for regular in- person instruction.
Staff/Student Quarantine	A substitute teacher will fill-in for the regular classroom teacher for students not quarantined. A classified substitute	In-person students will receive support as they would for regular in-person instruction. Quarantined students	In-person student attendance will be the same as it is for regular in-person instruction.

	may fill in for the classified employee. See Individual Student section above for quarantined students.	will receive support through continued use of Google Classroom and weekly teacher check-ins. If a student does not have access to the internet outside of school, parents can request a hotspot from the district, subject to availability.	Quarantined student attendance will be determined by evidence of learning through Google classroom, Seesaw (K-2), submission of work via email, completion of work upon return from quarantine, or any combination thereof.
Under 12 Classroom Quarantine	Students login and participate in class through Zoom. Access to Google Classroom for independent learning.	Students will follow their class schedule with their teacher/s and classmates. If a student does not have access to the internet outside of school, parents can request a hotspot from the district, subject to availability.	Attendance will be determined by synchronous attendance during the live Zoom session and/or evidence of learning through Google Classroom or Seesaw (K-2), submission of work via email, completion of work upon return from quarantine, or any combination thereof.
