Dear Senior Parents:

As we draw near to the end of the school year, I want to share our plans for the 2018 graduation ceremony. As parents, you are probably experiencing mixed feelings about this transition from high school to the next stage in life. We have the same mixed emotions. On the one hand, it is a time to celebrate the completion of a demanding schedule of courses and activities; on the other hand, it is time to say good-bye to a group of students who have made all of our lives richer and more meaningful.

The high school graduation ceremony represents an important turning point in a young person’s life. It is a time of great joy, and, like other important ceremonies in one’s life, there is a formal portion followed by a celebratory party or reception. The formal portion of graduation is obviously the commencement ceremony, and it is our expectation that all of our students will respect and honor our plans to keep it formal. I want the seniors to remember that even well-intentioned interruptions of the graduation ceremony will ultimately send a message of disrespect. Interruptions distract students, parents and families from the ceremony itself.

Our plans for graduation include caps and gowns, appropriate clothing underneath, appropriate shoes/footwear and appropriate behavior. It is not mandatory for students to participate in this formal ceremony, and students may choose to opt out. If your student does choose to participate, we hope that you will help encourage proper behavior and appropriate attire. Please take the time to talk with your student about the power of formal ceremonies and remind your student that this will be a much more meaningful experience if we *all* plan to save the fun and games for the celebration that follows the formal ceremony.

We thank you for your support during the past four years and for all of the times that you have helped make Lakeridge such a great place for our students and staff. You have done an outstanding job raising wonderful kids, and we feel extremely fortunate that the seniors of Lakeridge have given us so many opportunities to share time with them.

Sincerely,
WEEK 2 Student AP Exam Instructions

We have successfully completed week one of AP exams at Lakeridge! Thank you for sending your students on time and well prepared. Next week we have even more students taking AP exams.

Please review the updated Student “Day-Of” AP Exam Instructions - Week 2 document. It includes check-in times and locations, what to bring and details specific to each exam; important information and instructions that your student needs for a successful AP exam experience. You may also access this document on the LHS AP Exam webpage.

Students need to arrive promptly and bring Photo ID to check-in. Remember the check-in time for the morning exams is at 7:30 A.M., therefore students will need transportation to school. If a student arrives late, they will have to take the exam during the alternate week and will be required to pay the Alternate Exam fee of $45.

The AP Coordinator will submit a list to Attendance each morning and each afternoon of students excused that day for testing. Parents do not excuse their students. The AP Coordinator will do this after students are “sitting” their exam.

If you must reschedule your exam to the Alternate Week of testing or need to cancel your exam, contact your AP Coordinator as soon as possible. LHS AP Coordinator: Lisa Oliva - olival@loswego.k12.or.us.

Library CLOSED During AP Testing

Please be aware that the library will be closed May 7th through 18th and computers will not be available before school for students to print their homework assignments. There may be times that the library will be available.
There will be a sign at the base of the stairs that will indicate, “Library OPEN” or “Library Closed”.

All after-school testing, detention, Peer Tutoring, and study tables will be held in the Rotunda starting at 3:15.

2018 Lakeridge yearbook distribution is just around the corner! The yearbook students have been hard at work all year, hoping that this is truly one to remember.

Senior yearbook distribution will happen June 1 after graduation practice. Students will be able to pick their book up after graduation practice as they leave the busses. Seniors who miss picking up their book on that date can stop by the Lakeridge office the following week.

Non-senior distribution will be during both lunches on June 4. Students who miss that date can pick their books up from F8 from 3:15-3:30 June 5-8. Extra books will be on sale with Karon Beers, the school bookkeeper, starting June 5. The cost is $55.

Supplements, which include spring activities, will be mailed home to graduates over the summer. Non-graduates will get their supplements when we return to school in the fall.

Human Anatomy and Physiology Course News

32 of Mr. Oakes’ Anatomy and Physiology students attended “Heart Watch” on May 9th. Students had the unique learning experience of viewing a live open heart surgery. Providence Health & Services offers this program for high school juniors and seniors as part of their school outreach program. Students watched cardiovascular surgeon Dr. Erik Kirker(M.D.) perform an aortic valve replacement surgery on a 64 year old female. In addition to learning about cardiovascular surgery, students were exposed to a wide variety of medical careers such as Physician’s assistant, operating room nursing, anesthesiology and other careers that support patient care. Most importantly, students were able to apply classroom learning to a real world application. At the end of the program the presenters quizzed the students with some challenging questions and offered 5 Starbucks gift cards for correct answers. There were over 180 students attending and Lakeridge students walked away with 3 of the 5 gift cards!
