STUDENT VOLUNTEER OPPORTUNITIES

OUTDOOR SCHOOL

The Multnomah Education Service District offers a camping/nature program for all Portland sixth graders for a week in the fall or spring. Lakeridge students who have a 2.5 cumulative GPA may apply to become junior counselors. The permanent staff at the Outdoor School site makes the final selection of junior counselors when students attend a two-day workshop. Lakeridge does not give transcript credit for participation.

Foreword

The students, parents, and faculty of Lakeridge High School are a close community engaged in the process of secondary education. They, as with any group of individuals working toward certain goals, need policies and procedures to facilitate their attainment. The proper functioning of the school community, however, relies on the broader concept of personal honor based on integrity, common sense, and respect for civil and moral law. In effect, the basic criterion is the assumption that students will conduct themselves respectfully at all times, both on and off the campus.

Students, this handbook is for YOU. Lakeridge High School has much to offer and we hope you will contribute much of yourself to the school.

Parents, this handbook is for YOU. We hope it will give you a better understanding of Lakeridge High School, its offerings and its expectations.

and school policies and expectation

MISSION, VISION, VALUES

Mission-

Our mission is to foster an inclusive and well-rounded community of critical thinkers who are prepared for citizenship, college, career, and life-long learning.

Vision-

We must inspire young adults to contribute and grow within a safe, supportive, learning environment that promotes the development of 21st Century skills, so that they will be prepared to thrive in a rapidly changing global society.

Values-

- We value the collaboration of staff, students, family and community.
- We believe respect and acceptance are the foundation for strong relationships.
- We value a rigorous curriculum that supports critical thinking and problem solving.
- We believe that curiosity inspires the learning process.
- We value our students' talents, skills and creative energy.
- We believe in continually improving our school culture.
- We are committed to helping each student feel emotionally and physically safe, supported, and valued as a member of our learning community.

Our Commitment to Equity

An Equitable educational environment is an environment that intentionally ensures every student has access to the same opportunities in all aspects of school, but especially all classroom environments, regardless of content. Equity recognizes that advantages and barriers exist, including microaggressions. As a result, students don't start from the same place. They come from diverse backgrounds. Equity is an intentional process that begins by acknowledging this unequal starting place and makes a commitment to address and correct the imbalance and the negative consequences these experiences can have on all of our students, particularly those of color and those from traditionally marginalized groups who often suffer silently and seek their voices to address the inequities.

The staff at Lakeridge High School is committed to intentionally addressing and correcting any inequities that exist. As a staff, we will continue to learn as a community how imperative it is that we use our voices to fight aggressions and microaggressions among all adults, between adults and students, and between students and students. As a staff, we will also learn to speak up in the midst of "charged" language and behavior. Finally, we will teach our students to respond to aggressions and microaggressions as leaders rather than as victims to help them bring about the changes they are seeking.

Student Rights & Responsibilities

EDUCATIONAL PHILOSOPHY

We believe in the dignity and worth of each individual. We believe in the free interchange of ideas. We believe in the democratic process. We believe that self-discipline, essential to the preservation of our democratic way of life, is a major educational goal of our schools.

In light of these beliefs, we expect the individual to pursue the opportunities and responsibilities offered. We also strive further to continue building a constantly improving instructional program.

FREEDOM OF EXPRESSION

Students have the right of freedom of expression guaranteed by the First and Fourteenth Amendments, but they must accept responsibility for their expressions and they shall not interfere with the freedom of expression of others. Using obscenities, threats of harm, or other expressions that might result in the disruption or interference of the educational program or school activities are prohibited. Materials sponsored, funded, printed, or published by the school are part of the school program and shall be subject to review and approval by school authorities. Students are encouraged to have materials that are not school-produced reviewed by school administrators, who may designate the time and place of distribution. Failure to comply with the rules and regulations concerning freedom of expression may result in disciplinary action, including expulsion.

STUDENT FREEDOM OF ASSEMBLY

Secondary school facilities shall be available to all lawfully enrolled secondary school students of the District for meetings. All meetings shall have prior approval of school authorities. Students will not be denied access to school facilities due to the religious, political, or social content of their group or its message, and meetings shall be open to all students without regard to sex, race, religion, or national origin. School authorities may monitor meetings.

EQUAL EDUCATIONAL OPPORTUNITY

Equal educational opportunity and treatment shall be provided to all students. No student enrolled in the District shall on the basis of race, color, religion, sex, sexual orientation, gender identification, national origin, marital status, age, or disability be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity provided or authorized by the District. Questions or concerns regarding equal education opportunities should be directed to the Title IX Coordinator, also known as the Executive Director of Secondary Programs, at 503-534-2000.

TRANSGENDER AND GENDER NONCONFORMING STUDENTS

The District and Lakeridge believe that all students deserve to be physically and psychologically safe at all times and is responsible for developing appropriate administrative regulations, procedures or guidelines for implementation of this policy in order to create a safe and inclusive environment for every student; to promote physical and psychological safety of students who exhibit gender nonconforming behavior; and to affirm the right of every student to equal educational opportunity and respectful treatment in their gender of identification and expression.

SCHOOL RESPONSIBILITY

School personnel shall be responsible for proper and adequate management of the student body. They shall consider it their duty to advise or discipline students in accordance with school policies and regulations at any time it becomes necessary

STUDENT RESPONSIBILITY

It is the responsibility of the students to:

1. Apply themselves to the course of study and put forth their best effort for scholastic achievement.
2. Conform to school rules, be respectful to teachers, administrators and other school employees, and conduct themselves in a manner which will not obstruct the teaching process nor prevent other students from benefiting from school attendance.
3. Attend all classes regularly and punctually, leaving campus only after checking out with the attendance office.
4. Maintain high personal standards of courtesy, decency, and morality.
5. Maintain personal cleanliness and be dressed in compliance with established school board policy on dress and grooming.

RESPECT FOR OTHERS

Students will conform to school rules, be respectful of teachers, administrators and other school employees and respect the rights of fellow students. The following are considered violations of others' rights:

1. Defiance or insolence to a teacher, administrator or other school employee.
2. Fist-fighting or assault on another.
3. Stealing.
4. Use of profane or obscene language.
5. Deliberate disruption of classroom instruction.
6. Harassment of any kind directed toward a teacher, administrator, staff member, or student.

Disciplinary Action may include a detention, work detail, parent conference, police intervention, in-school suspension, suspension and/or expulsion.

PARENT RESPONSIBILITY

We ask that parents work cooperatively with school personnel in order to provide a successful experience for their student(s). The parent has the ultimate responsibility for their student's welfare. Parents are asked to help their student learn and develop socially acceptable standards of behavior in accordance with school policy.

STUDENT FINES OR FEES RESPONSIBILITY

No student will be denied an education because of their inability to pay supplementary fees. No student, however, is exempt from charges for lost or damaged books, locks, materials, supplies and equipment. Fee structures and consequences of non-payment will be communicated to the students and the community. Students or parents owing money to the District will receive written notice that includes the reason the student owes money to the District, an itemization of the fees, fines or damages owed and the right to request a hearing. The principal or designee may waive all or part of the standard fees for students who are members of a low-income family; upon finding that the payment of the fee would impose a hardship on the student's family; or if the health or safety of the student is impacted. All student fines and fees may be paid at your student's school.

RIGHT TO PETITION

Students have the right to petition for a change in school policies and regulations; circulation of petition is subject to individual building rules.

Enrollment

RESIDENTS

In the State of Oregon a student's residence is described as that place where a student resides with some degree of permanency. The following students shall be considered residents for attendance purposes:

1. Those students living within the district with their parents or legal guardians.
2. Those students living within the district with someone other than a parent or guardian, who has parental responsibility for the student (Loco Parentis). District forms shall be completed for the recording of this circumstance.
3. An emancipated minor living within the district. The minor must submit proof of such emancipation. Continued enrollment of the individual shall be dependent upon satisfactory attendance and behavior of the individual. It is the desire of the Board that unless circumstances justify exception, a minor shall reside with a parent, guardian, or some other adult responsible for the student.

ATTENDANCE AREA

It is the policy of the school district to accept in its school only those pupils who are residents of the district. In addition, attendance areas or zones are established for elementary, junior high, and senior high schools in the district, and a pupil is required to attend the school serving his/her place of residence. This is done so that class loads may be balanced equitably among the various schools.

Exceptions to this policy may be granted, at the discretion of the Superintendent, under the following conditions:

1. A pupil changing his/her place of residence during the school year may continue in his/her school of attendance until the end of the current semester or school term.
2. A pupil who anticipates establishing residence in a different school zone may be admitted in that school on submission of satisfactory evidence that the move will be made within the semester during which admission is requested.
3. A pupil who is an established resident student in a senior high school of the district may continue attending that high school even if the parents move into the attendance area of the other senior high school.
4. A pupil who has completed his/her sophomore and junior years as resident student in a senior high school of the district may continue for the senior year in that school regardless of place of residence.
5. Exception may also be made (a) to serve the educational interest of the pupil as judged by school officials or (b) due to physical or emotional conditions as judged by competent medical or psychological authority.

Any exception granted is contingent upon adequate facilities and staff in the school of requested attendance, and upon maintenance of satisfactory performance and behavior by the pupil. The school district is not responsible for transportation nor are they responsible for providing on-site parking of students attending schools outside the normal attendance area.

TRANSFERS

Students who move into the district during the school year should register immediately at the high school.

WITHDRAWAL

1. A student withdrawing from school should contact the counseling office for appropriate forms and for assistance in completing the withdrawal process.
2. The student must present the withdrawal form to classroom teachers for their signatures, return all textbooks, pay any outstanding fees, obtain remaining designated signatures, and return completed form to the counseling office.
3. A student withdrawing and not attending another school must attend an options conference with their counselor.
4. Parent or guardian signature is required for withdrawal.

ACADEMIC INTEGRITY

We believe honesty and integrity to be important and necessary traits in all areas of life including a student's academic pursuits. Faculty members have an obligation to educate students to standards of academic integrity and to report violations of those standards.

DEFINITION

The principle of academic integrity shall be that a student's submitted work, examinations, reports or projects must be that student's own work. Students shall not:

1. Represent the work of others as their own
2. Use unauthorized assistance in any academic work.
3. Give unauthorized assistance to other students.
4. Modify, without faculty approval, an examination, paper record, or report for the purpose of obtaining additional credit.
5. Fail to meet other conditions for academic integrity as required by a faculty member for a specific course.

EXPECTATIONS

1. Do not let other students in your class diminish the value of your achievement by taking unfair advantage. Report dishonesty you see.
2. Use quotation marks where appropriate and cite your source whenever you use words or ideas that are not your own when writing a paper.
3. In examinations, do not allow your neighbors to see what you have written; you are the only one who should receive credit for what you know.
4. Do not put yourself in a position where you can be suspected of having copied another person's work or of having used unauthorized notes in an examination. Even the appearance of dishonesty may undermine your instructor's confidence in your work.
5. The purpose of assignments is to develop your skills and measure your progress. Letting someone else do your work defeats the purpose of your education.
6. Never falsify a record or permit another person to do so. Academic records are regularly audited and students whose grades have been altered put their transcript at risk.
7. Never fabricate data, citations or experimental results.
8. Never take test materials and/or answer keys from an instructor for the purpose of duplicating or using the material on a quiz or exam. Stealing test materials may result in removal from class with an "F" grade.

All students found to be in violation of academic integrity in any form, shall expect the following administrative action. The following administrative actions accumulate throughout the student's high school career and are not on a year by year basis:

- 1st Violation - Student receives a "0" on the assignment in question, test, etc. Parents are notified. Student

attends Pacer Zone.

- 2nd Violation - Student receives a “0” on the assignment in question, test, etc. Parents are notified. Student attends Pacer Zone. Administration will determine next moves with student, based on individual circumstances.
- 3rd Violation - Student receives a “0” on the assignment in question, test, etc, Parents are notified. Repeat offence consequences for discipline to be determined by administration, based on individual circumstances.

TURNITIN.COM POLICY

Dear Parent/Guardian:

In order to be effective writers, in any subject area, students need to be able to read, analyze and effectively use other people's ideas in an honest and academic manner. These skills are essential skills to formulate strong, logical, and cohesive arguments to support their thesis statements. Given their access to electronic resources, students navigate through more information than ever before. While classroom instruction provides research methods and strategies, students continue to need additional tools and support to develop as writers in different content areas. The school district has found **Turn-it-in.com** to be a valuable learning tool in the writing process.

Turnitin.com is a web-based program in which students can submit their papers to access a color-coded report that will show:

- Total percentage of their paper that is attributable to other sources
- The extent to which they have used each source
- Whether or not they have correctly attributed the information they have taken from their sources.

Students then are asked to examine the **Turnitin.com** report and revise their paper. For example, students may review their paper to determine whether:

- A large percentage of the paper is shown to be from other sources, or whether they are formulating their own ideas or creating a mosaic of materials from other people's ideas?
- The preponderance of source material is from one source, or have they inadvertently followed an argument developed by someone else rather than framing and supporting their own thoughts?
- They selectively used wording from sources or are they dropping in big blocks of information from other sources?
- They inadvertently plagiarized by not citing their sources correctly?

Having this type of report from **Turnitin.com** allows students the opportunity to revise their paper before turning it in as a final draft. If students follow the writing process and use **Turnitin.com** as a resource, there should not be any plagiarism issues due to the opportunity for students to correct any material in their paper that might be questionable. In addition, this tool allows students the opportunity to strengthen their writing and thinking skills, and to develop stronger, well-supported arguments in their papers.

Because **Turnitin.com** is a web-based resource, there are certain precautions the company has taken to ensure student anonymity. Student information is secured through SSL (Secure Sockets Layer) encryption, and **Turnitin.com** is in compliance with privacy laws such as the Family Educational Rights and Privacy Act (FERPA), Children's Online Privacy Protection Act (COPPA), Personal Information Protection and Electronic Documents Act (PIPEDA), and others.

Students using **Turnitin.com** will be asked to sign an agreement that states they understand their paper will be checked against "both current and archived instances on the internet, millions of student papers previously submitted to **Turnitin**, and commercial databases of journal articles and periodicals", and that their paper will be added to the paper database that will be used in the future. It is important to note that if a student does not use **Turnitin.com** to submit their papers, teachers will still check student work for accuracy and academic honesty.

If you have questions about how this resource works, please visit the **Turnitin.com** website at <http://turnitin.com>, or contact your child's teacher or principal. If you would like to have your child use **Turnitin.com**, you do not need to return this form. If you do not want your child to use this resource during this school year, please fill out and return the bottom of this form to the main office **no later than the end of the second week of classes.**

I do not give permission for my child to use **Turnitin.com** as a resource this year. I understand that by not using turnitin.com my child is not taking advantage of this opportunity to learn to use resources appropriately and to make corrections before turning in papers. I also understand this choice does not preclude any of my child's assignments being checked for plagiarism by other methods.

COMPULSORY SCHOOL ATTENDANCE

339.020 DUTY TO SEND CHILDREN TO SCHOOL

Except as provided in ORS 339.030, every person having control of any child between the ages of 7 and 18 years who has not completed the 12th grade is required to send such child to and maintain such child in regular attendance at a public full-time school during the entire school year.

Oregon State Law requires school districts to drop a student from enrollment if at any point the student is absent (unexcused /excused) for 10 consecutive school days during a school year. The student can be re-enrolled at parent request to the current school with the proper registration materials.

EXEMPTIONS FROM COMPULSORY SCHOOL ATTENDANCE

1. In the following cases, children shall not be required to attend full-time public schools:
 - Children being taught in a private or parochial school in the courses of study usually taught in grades 1 – 12 in the public schools and in attendance for a period equivalent to that required of children attending public schools during the school year.
 - Children proving to the satisfaction of the district school board that they have acquired equivalent knowledge to that acquired in the courses of study taught in grades 1 – 12.
 - Children being taught for a period equivalent to that required of children attending public schools by a private teacher the courses of study usually taught in grades 1 – 12.
 - Children being educated in the children's home by a parent or legal guardian.
 - Children excluded from attendance as provided by law.
2. The State Board of Education by rule shall establish procedures whereby, on a semiannual basis, an exemption from compulsory attendance may be granted to the parent or legal guardian of any child 16 or 17 years of age who is lawfully employed full time, lawfully employed part-time and enrolled in school, a community college or an alternative education programs defined in ORS 336.615. An exemption also may be granted to any child who is an emancipated minor or who has initiated the procedure for emancipation under ORS 419B.550 to 410B.558.

EXEMPTIONS FROM INSTRUCTION

Students are required to participate in State and District required programs and learning activities. Students may seek an exemption from units of instruction or learning activities if such request is based on grounds of religious belief, disability as defined in IDEA, or other identified reasons. Inquiries should be addressed to the principal.

PHILOSOPHY

Attendance policies and procedures are based upon Oregon State Law and upon the premise that excessive absence is detrimental to the educational process. Our commitment to the dignity and worth of the individual begins with an effort to have each student in class regularly. This effort is shared by the student, who has the primary responsibility to attend every class period each day, the staff members, who work together to monitor and encourage regular attendance, and the parents, who are legally accountable to uphold the compulsory attendance law. When irregular attendance patterns develop, a staff member (teacher, counselor, attendance secretary or vice principal) initiates communication with the student and parents.

ABSENCES

EXCUSED:

- For illness of the student or illness of a family member
- For emergencies
- For prearranged absence (if approved) i.e., medical, dental, orthodontic appointments, college visits

EXCUSING ABSENCES:

- Students must have a parent phone the attendance office at 503-534-2322.
- The student is responsible to make up all missed work.
- Credit is given for work made up.
- **Absences must be cleared within 72 hours.**
- In the case of an extended excused absence, incompletes may be given.
- Students with excessive excused absences may be required to submit a physician's statement to the school for verification.

ABSENCE DUE TO ILLNESS (EXCUSED)

Parents are urged to convince their children that although good attendance is important, the student that arrives at school ill may be endangering his/her own health and that of other students. Parents can help the school staff by carrying out the following program at home:

- Check on the health of students each morning before they leave for school and keep students home if they are seriously ill.
- Make careful plans for emergency care if parents are to be away from home.
- Be prepared to provide transportation home for students who become ill at school. The school can provide such transportation only in unusual emergencies.
- Many teachers now post homework on the high school website. You can also contact teachers by e-mail through this site. If homework is not available there or if you do not have internet access, you may request homework assignments through the Attendance Office **if your student has missed three consecutive days of school.** Please expect 24 hours for the assignments to be collected before you come to pick them up.
- Students are allowed the equal amount of time missed from school to make-up any missing work from an excused absence. For example, 2 days missed for an excused absence = 2 days to make-up any missing work from these absences.

If a student becomes ill or injured at school, the school contacts the parent through the information provided on the student registration form. It is especially important, therefore, that any changes in the family address or emergency phone number should be reported at once to the school. Students are also requested to list the name, address and telephone number of a family physician.

UNEXCUSED ABSENCE

UNEXCUSED:

- Parents/Guardians will be notified of any unexcused absences by our automated system (by email and phone).
- Unexcused absences: Will be handled on an individual basis. Students will be given detention for an unexcused absence.
- When a student has a continued attendance problem a meeting may be held with the parents to discuss this issue, and the student may be placed on an attendance contract, and Saturday School may be assigned.
- If the student does not follow the contract an options conference may be held to discuss an alternative educational setting.

OTHER CONSEQUENCES FOR UNEXCUSED ABSENCES:

- Class work or activities missed due to unexcused absences may not be made up for credit.
- Skip Days: Lakeridge High School DOES NOT condone "Senior Skip Days." Student absences for an unauthorized "Skip Day" will be considered Unexcused with NO opportunity to make-up missed work.

PREARRANGED ABSENCES

Students must meet with their teachers prior to a prearranged absence to make arrangements for turning in assignments, gathering homework, and taking tests. A prearranged absence is separate and differs from an excused absence as it is teacher discretion for when all assignments are completed.

PROCEDURE:

- a. Student obtains a prearranged absence form from the attendance office.
- b. Student fills in appropriate information and asks his teachers to sign the form. Each teacher may inform the parent (in the comment section) of any upcoming activities or problems the student may face.
- c. Student obtains parent signature once the form has been completed.
- d. Student returns completed form to the attendance office (for administrative approval) 24 hours prior to departure.
- e. All prearranged absence forms must contain teachers' signatures, and parent signature, or else the arrangement will be void.

POLICIES:

- The student is responsible for making up all work.
- Generally, five days in any semester will be the maximum number of days allowed on a prearranged absence. Exceptions may be granted by the administration.
- Doctor and dental appointments may be classified as emergencies provided neither student nor parent has enough advance notice to secure a prearranged absence. In such cases students must check in and/or out with the attendance office. A phone call from the parent is required to excuse emergency absences.
- Students should plan to be in school through the last day of the semester. Prearranged absences for the last few days of a semester are strongly discouraged.
- Prearranged absences for "senior skip" day will not be honored.
- **Note: Pre-arranged absences will not be approved on semester finals days. Students are expected to take finals at the appointed time. If there is an unavoidable conflict, parents are to contact Noah Hurd, Assistant Principal.**

TARDINESS & CHECKING OUT

Because tardiness is disruptive to the educational process, the individual and the class, students should be on time to all classes. The staff will take the following approach to reduce tardies:

1. A student who is not in class by the final bell is tardy. If arriving five minutes or longer after the bell, the student will be sent to the attendance office for an admit slip. If the student is late more than three times they will be assigned detention.
2. A student who is leaving campus before the scheduled time **must check out through the attendance office or the absence will receive an unexcused absence.**

PARTICIPATION IN A SCHOOL ACTIVITY GUIDELINES FOR STUDENTS

Students should make a decision at the beginning of the school year concerning the number of activities in which to participate. A realistic decision should support their academic goals.

- If, during the year, an opportunity arises for an unplanned vacation or if an unexpected illness takes its toll in absences, the student may need to forego some activities.
- Students who are scheduled to be absent for an activity on a day when an assignment, graded activity or test is due should (prior to the activity) make arrangements with the teacher(s) to complete the work. If this procedure is not followed, the absence may be considered unexcused.
- Students must take the initiative in arranging to make up missed assignments and explanations.
- Students are expected to remain in class until the time established for leaving for an activity.
- Students must attend all their classes on the day of an activity or practice in which they are involved. They are also expected to be in attendance the day following the activity.

4. A firearm as defined by Federal law (Title 18 United States Code Section 921) is any weapon or combination of parts which will or is designed to or may readily be converted to expel a projectile by the action of an explosive. This includes the frame or receiver of any such weapon, any firearm muffler or silencer, or any explosives, incendiary devices, poison gases, or other such destructive devices.
5. Further, a weapon may also include, but not be limited to, a knife, metal knuckle, straight razor, irritating gas, replica of a weapon, or another similar item possessed by an individual with the intent to use, harm, threaten or harass students, staff members, parents and patrons.

Students who significantly influence the bringing or possessing of a weapon on District property or at District events by aiding and abetting another student shall also be expelled for no less than a year.

The superintendent may, on a case-by-case basis, modify the expulsion requirement of any student expelled under the conditions of this policy. Students subject to mandatory expulsion required by this policy will be reported to the police pursuant to Regulation 5240R.

Replica Weapons: The possession of any replica weapon or nuisance object which potentially could endanger people in the school setting is prohibited. The principal may approve the possession of a replica of a weapon or nuisance object if it is to be used for educational purposes. Approval must be granted in advance of the event for which the replica or object is to be used. Approval shall be for a specific and limited time only, as determined by the principal. No student shall possess or carry any dagger, sword, knife or other instrument with a blade. Replica weapons or other disruptive objects discovered at school shall be confiscated, and parents will be notified. Violation will result in disciplinary action, which may include suspension or expulsion. Law enforcement agencies may be notified.

GENERAL SAFETY PRECAUTIONS

Our school regulations are devised to protect the safety of everyone. Common courtesy dictates that we observe those regulations. Running in the halls, congregating in large groups and/or sitting on the hall floors may hamper traffic flow and constitute a safety hazard. All students are urged to use discretion about such behavior.

FIRE DRILL

In case of fire, all personnel must follow the procedure prescribed by the Assistant Principal. Monthly fire drills will permit all Lakers to achieve rapid and orderly evacuation of the buildings and free access to hydrants and buildings for the personnel and engines of the Lake Oswego Fire Department. **BALLOONS** are not allowed in the building due to the smoke sensors.

Whoever discovers a fire will pull the alarm at the nearest red alarm box. At the sound of the resulting siren, everyone will immediately prepare to evacuate the buildings under the instructions and through the routes published by the Assistant Principal. On command of your teacher or supervisor, groups, in good order, will then leave the buildings, away from hydrant and from fire-engine access routes; groups will remain together for roll-taking. School routine will resume promptly after a signal from your safe zone administrator.

Deliberately turning in a false alarm is a violation of Oregon Law and will result in disciplinary action.

EARTHQUAKE

In case of an earthquake, all personnel must follow the procedure prescribed by the District's Safety Programs and Emergency Procedures. In advance of an earthquake drill, teachers will identify with students "safety spots" in the classroom. Good examples may include under a sturdy desk or table, in a corner, or against an interior wall that is away from windows or other dangers.

Students will practice "Drop, Cover and Hold On" and should remain in that position until they are sure the earthquake is over. Students not in a conventional classroom will be in-serviced on "safe zone" areas that are nearby. At a designated time, teachers and students will evacuate the building to "safe zone" areas and remain outside until the building is deemed "safe" to re-enter.

LOCKDOWN

The Lockdown is to provide for the safety of students and staff in a time of emergency. The staff and students will rehearse the drill once or twice a year so that we can implement the plan effectively in a real emergency. Upon hearing the signal "Lockdown" announced over the Public Address system, students should sit down on the floor away from windows while the teacher ensures that the classroom door is locked and the lights are turned off.

Secure DRILL

Secure is different from a Lockdown. If there is a threat outside of campus, and not an immediate threat to the safety of students (on campus), then the school will go into 'Secure'. Doors are locked (outside and classroom doors) and class continues. Movement in and around campus may be limited depending on situation. A Secure drill will be practiced at least once a year.

FOOD AND DRINKS

The Lakeridge High School campus is one of which every Pacer can be proud. To maintain this pride, every student should help to keep the buildings and grounds neat and clean.

ATHLETIC PROGRAMS POLICY

We believe that a strong athletic program at the secondary level complements, reinforces and extends academic programs by offering unique opportunities for students to grow and develop intellectually, physically, emotionally, socially and ethically. We also believe that in addition to providing a constructive arena for exercising the competitive spirit, athletics fosters a sense of both school and community pride. Participants, school personnel, parents and the community at large all contribute to creating the conditions for the success of the athletic program.

We consider participation in athletics to be a privilege offered to an individual athlete, who then becomes accountable for fulfilling the related responsibilities. Participation in competitive athletics is a valued life experience where both success and failure can make positive contributions to human growth in self-discipline, emotional maturity and self-respect. Athletics should stress fairness in human relationships, commitment to doing one's best, respect for others and humility in victory and graciousness in defeat. In addition, athletics should contribute to the development of lifelong health habits in exercise and nutrition.

The opportunity to participate in interscholastic sports programs shall be available to all students. Comparable programs shall be available for men and women, funding shall be equitable and facilities and equipment shall be substantially equal. Participants are entitled to skilled instruction, a safe competitive environment, respect as individuals and personal dignity.

MEDICATIONS – ADMINISTRATIVE PROCEDURE

1. Prescription and nonprescription medications may be administered by school personnel as necessary. The following procedures must be completed as outlined in District Policy #5302R:
2. Prescription or nonprescription medication must be delivered to the school office by the parent or legal guardian. The medication must be in its original container with the student's name, name of the medication, dosage, administration instructions (route and frequency), and any special instructions.

The student's name, name of the medication, dosage, administration instructions (with route and frequency), and any special instructions must be shown on the container. The amount of medication to be in the student's possession will depend on the type of medication and will be determined through an approval process.
6. A Self-Medication Agreement must be completed and signed by the principal, parent or legal guardian, and, in the case of prescription medication, the physician.
7. Sharing or borrowing prescription or nonprescription medication is strictly prohibited. If a student violates this rule, permission to self-medicate may be revoked and the student may be subject to discipline up to and including expulsion.

Any student who has become injured or is feeling ill should tell the instructor and the instructor will send him/her to the health room (located in the main office). Students will remain in the health room for a maximum of 20 minutes, after which a staff member will determine if the student is to be sent home, to a doctor, or back to class.

When the parent or family physician can't be contacted by the school, during an extreme emergency, the student is taken to a local physician's clinic or emergency room at Meridian Park Hospital. The school nurse or a certified school employee accompanies the student to the clinic or hospital and transfers the responsibility for the student and his care to the physician on duty there.

HEALTH ROOM

When a student becomes ill or injured at school, the following procedure will be followed.

1. The teacher will send the student to the health room with a pass.

The recommendation of a doctor and completion of District paperwork is necessary to qualify a student for this service.

PSYCHOLOGICAL & TESTING SERVICE

The district provides services for evaluation and therapy in the areas of speech and hearing. Both district-employed specialists and outside referral sources are made available to high school students through this program.

TRANSPORTATION

Due to budgetary challenges the District has privately contracted bus service through Student Transportation, Inc. in order to continue to provide free transportation for students who live at least one and a half miles from school. Since it is a costly operation, complete cooperation is required of everyone at all times to continue providing transportation and to keep the equipment in good condition. The driver has the authority to deny rides to anyone who misbehaves. Bus rules are posted in each bus. The routes have been planned for the efficiency of students, families, and buses. Schedules and routes are printed in the Lake Oswego Review and posted in the school and on the school website.

The lunch "meal deal" includes an entree', 2 servings of fruit and/or vegetable, starch and milk. Lunches may be purchased at school daily. Additional items may be purchased a la carte. The purchase of a lunch ticket ensures that your child will receive a well-balanced meal (1/3 RDA) according to USDA guidelines. Students shall use the lockers assigned to them unless a change is approved through the attendance secretary. Lockers remain the property of the Lake Oswego School District and may be opened at any time by the administration. Only instructional materials issued to students and their personal property, which is appropriate to school use, may be kept in the lockers.

BOOKS

Textbooks in good condition, paperback books and pamphlets are loaned to students.
