

Upcoming Schedule- iReady

10/12-10/17

iReady Assessments

Dear Families,

As a reminder, starting Monday, October 12th, we will be running a special schedule ([linked here](#)) for students to complete their iReady diagnostic assessments in Reading and Math. Monday and Tuesday will be the Reading/ELA test and Wednesday and Friday will be the Math test. The designated testing time each day will occur between 11:10 and 12 pm. We anticipate that four, 50-minute sessions will be adequate time for assessment completion.

At the conclusion of Period 2, the teacher will share [these slides](#) with students to help them get started on the assessment. Students will not need to remain on the Zoom class meeting once they are logged on to the assessment. However, the teacher will be available to answer questions until 12pm if students want to log back in.

Thank you for your partnership in helping us assess students' skills so that we can tailor our instruction to meet their needs.
