

Credit for High School Courses Completed Before Ninth Grade

Declaration of Intent Regarding High School Transcript

Per policy JECDA-AR, students may earn high school credit for accelerated courses taken before ninth grade under specified conditions.

By default, all high-school-level courses taken at a middle school in Lake Oswego School District will appear on the student's high school transcript. Credits for these courses accumulate toward graduation, but the grades are *not* calculated into the student's cumulative high school GPA.

Please use this form to notify the middle school if you do not want the course to appear on the high school transcript.
